About Togo's Eateries, LLC

Togo's was founded in 1971 by a young college student with a large appetite and little money looking to make sandwiches the way he liked them — big, fresh and meaty. Keeping in the spirit of the original, Togo's products are still made with only the highest quality ingredients; including fresh-baked Artisan breads, hand sliced premium pastrami, turkey and roast beef, as well as Hass avocados and a variety of cheeses. Togo's proprietary brand of old-fashioned Pastrami, 98 percent fat-free slow-roasted turkey, and their all natural chicken set the brand apart from other sandwich shops. With more than 240 locations open and under development throughout the West, Togo's is a franchise-based business that offers online ordering, delivery and catering services as well.
